

HL7 AU OID Registry

Object Identifiers (OIDs) offer a namespacing mechanism to ensure coding system and identifier uniqueness in health information content.

HL7 Australia has a registered OID root and can allocate free OIDs to HL7 Australia members as a member benefit.

Description	OID	Comments
HL7 Australia Root	2.16.840.1.113883.2.3	Root note for all HL7 AU OIDs
HL7 Australia Members	2.16.840.1.113883.2.3.3	Registered members arc
eHealth & HL7 Training Partners	2.16.840.1.113883.2.3.3.1
