

Medications Work Group

Co-chairs: **Danielle Bancroft and Dion McMurtrie**

Safe medication management is a critical clinical safety issue.

The HL7 Australia Medication Workgroup (WG) provides a forum for stakeholders and interest parties to contribute and discuss matters related to clinical and technical contents of medication information.

The mission of this WG is to assure that these medication information contents:

- meets the requirements of prescribing/ordering, dispensing and supply, administration and use
- supports the understanding and review of patient's medical profile and management
- are interoperable (clinically and technically)

Interested parties/stakeholders from the clinical and technical communities are welcome and encouraged to join and participate in the activities of this WG.

As a member of HL7 Medication WG, you will be able to:

- Help shape the direction(s) of and contribute to this workgroup in the adoption, adaption (localisation) and development of interoperable contents to support safe medication information exchanges and management
- Receive regular updates on the trends in national and international standards in interoperable medication information including FHIR medication resources and other HL7 Pharmacy standards
- Gain hands-on experiences in the adoption, adaption, development and implementation of interoperable medication information through HL7 Australia sponsored events such as Connectathons and Clinician-on-FHIR

All Publications Listed at [HL7 Australia Standards Development](#)

Call for Co-Chair Nomination

If you have an interest in being co-chair for this working group please contact the Working Group Liaison Officer on email wglo@hl7.org.au to nominate.

Ideally each working group will have 2 or more co-chairs.

Work Group Meetings

NEW DAY AND TIME FOR CALLS

Eastern Daylight Savings Time

Next meeting  **15 Jul 2020** **Wednesday 9:30am Eastern Standard Time (Every 2 Weeks)**

Join from PC, Mac, Linux, iOS or Android: <https://zoom.us/j/8838248492>

or Phone: +61 (0) 2 8015 2088, Meeting ID: 883 824 8492

International numbers available: https://zoom.us/join?m=tiJBLgpQ1Jwgz8W6fYSFjBfO0TXzS_yE

Tools we use

Draft/Discussions/Minutes: Here on Confluence (see the navigation at the left)

Discussions: Please refer to the FHIR discussion forums at <https://chat.fhir.org/#narrow/stream/australia>

Technical Artifacts: FHIR Implementation Guide artifacts can be found at <http://hl7.org.au/fhir>
